PARTNERSHIPS

Since its foundation in 1966, the **University of Rouen Normandy** has set up **partnerships with higher education institutions the world over**.

The University of Rouen Normandy has signed **over 300 Erasmus+ agreements** with institutions throughout the Erasmus zone. We have also signed **over 200 bilateral agreements** with institutions from several countries worldwide.

These agreements foster the **mobility of student and staff** at the university and open up opportunities for **cooperation** in various fields of research.

Our major projects

INGENIUM: the University of Rouen Normandy is part of the European University alliance INGENIUM, born in 2020 as part of the « European Universities » Initiative launched by the European Commission via the Erasmus+ program.
